

Bathroom Surfaces

Caesarstone® in the Bathroom

Combining the beauty and strength of quartz, Caesarstone® surfaces are perfect for bathroom and shower wall panels, bath surrounds, inset shelving, window sills, vanities and floor panels*. Caesarstone's surfaces offer endless design possibilities and our large panel size options require less joins and grout lines for minimal maintenance to keep your surfaces looking like new for years to come.

Our surfaces consist of up to 93% quartz which is stronger than natural stone and one of nature's hardest minerals. They are non-porous, durable, resistant to marks, scratches, common household chemicals, mould and mildew making them ideal for wet areas. All Caesarstone® surfaces come with a 10 Year Limited Warranty*.

5031 Statuario Maximus™ bathroom vanity - Sentosa 52, Metricon

*Floor panel applications are excluded from Caesarstone's 10 Year Limited Warranty.

Caesarstone® Collection 13mm Colour Range

Caesarstone® has specially selected a range of designs in 13mm thickness slabs suited for bathroom wall panels.

In addition, the entire range of 48 designs are available in 20mm thickness, which can be used for bench tops, vanities, floor panels*, bath hobs and shelving.

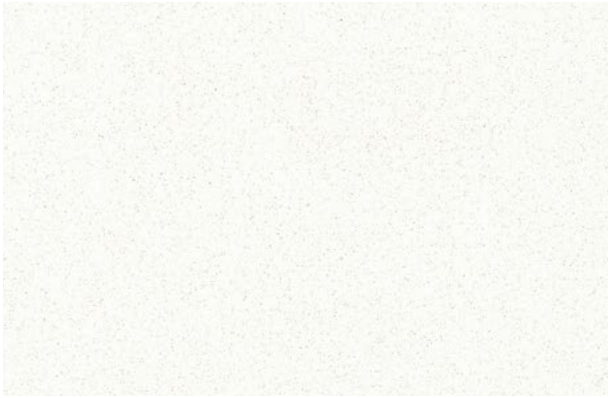

Our Supernatural marble inspired designs offer the cool, tactile qualities of natural stone with the superior properties of Caesarstone® quartz surfaces.
